

Home Education Day

Student Name: _____ Date: _____

This is an optional project/Assignment. Parents can choose to not have their student complete the assignment and their student will be marked absent for the Home Education Day. To receive a “present,” this signed form must be turned in on the first day back. Please either place them in your student’s communication folder or hand to the front desk. There are no exceptions, and we will not accept them on any other day (unless the student is absent on the first day back).

Note: Only this signed form is required for attendance purposes. Based on the honor system, there will be no need to submit the activity/assignment that your student chose to do.

Directions: *Each student should complete, at minimum, 3 hours of enrichment to receive credit for school attendance (present). Circle what your student chose to complete (you may choose more than one) or indicate in the space below if you opted for something not listed.*
