ABOUT CCA

OVERVIEW

Founded in 2004, our vision is to provide a classical, Christian education where parent-teacher partnership supports family time, as well as mutual accountability. In a positive peer environment, we will build future Christian leaders with a biblical worldview.

ABOUT OUR PROGRAM

CCA's model blends classroom and at-home learning, which most closely resembles the schedule that students will experience in their college career. The academic program prepares students to be able to competently apply for college admission and scholarships.

ACADEMICS

CURRICULUM

We believe that the most effective way to create both an academically rigorous and Christ-centered school is through the method known as the classical approach to education. Essentially, the classical approach emphasizes the need to become thinkers and learners. Every student is required to take Latin, logic and rhetoric-type courses.

Dual Enrollment, CLEP courses, and honors courses are also offered.

SERVICE AND EDUCATIONAL EXPERIENCES

In preparation for college, the workplace, and real life beyond their education, we recognize the importance of being a well-rounded person who serves others and is involved in being a lighthouse to their surrounding community. CCA's high school program involves a variety of scheduled community service hours and educational field trips to enhance our curriculum in a real-world setting.
