Testing- Math, Language Arts, Science, Geography, Bible, Latin

Upper School Max Times

This document is intended to serve as a guideline for teachers' planning and parents' home day teaching. Students will vary in each subject due to individual strengths and weaknesses. Your student may require more time in a subject that is not his/her strength, and this is expected. However, a subject of strength will require less time, so the overall time will be within the guideline listed. If your student consistently requires more time in multiple subjects, please let your teachers and Administrator know as a Resource inquiry may be appropriate. Accommodations for shortened assignments, etc. will apply for Resource students as listed in their individual accommodation plan.

7th GRADE – Schoolwork times for Tuesday & Thursday

Bible/Logic	30 minutes
Latin	30 minutes
Math	60 minutes
History	60 minutes
